The University's [Policy on Conflict of Interest](#) requires that individuals in specified categories submit a declaration of interests to the Conflict of Interest Committee on an annual basis. Individuals are asked to provide information on any financial or other interest, benefit or relationship that might reasonably be thought to influence their actions or judgment in their University role e.g. directorships (including non-executive directorships); consultancies; partnerships in a business or sole trader; membership of official committees, such as those of a government department, research council, professional institution or advisory body to an industrial company; trusteeships (charitable and other); public appointments (whether remunerated or not); organisations from which they receive financial support or which could benefit their position significantly or in which they have a financial interest, board responsibility or ongoing consulting involvement; shareholding in excess of 5% in any company trading in an area related to their University position; membership of the governing body / trustee of an Oxford college; and any other interests that do not fall into these categories but which are covered by the general purpose of the University's [Policy on Conflict of Interest](#). They are also asked to include any interests of these types that are held by a member of their immediate family or any person with whom they have a close personal relationship.
